

ESTABLISHED AUGUST 24, 1852.

WHEELING, WEST VA., THURSDAY MORNING, AUGUST 21, 1879.

VOLUME XXVII.—NUMBER 308.

The Intelligence.

Office No. 25 and 27 Fourteenth Street.

Two bull-dozers of Yazoo County, Miss., have got rid of Dixon, the independent candidate for Sheriff of that county, at last. According to our dispatches this morning he has been shot. This is the simple and effective way by which the bull-dozers intend to keep the South solid for the Democratic party next year.

Read what Sherman says about "foxy Mr. Tilden," in this morning's paper.

There has been no contraction under reclamation. Read Secretary Sherman's remarks under that head this morning.

The fare for the round trip from Washington, Pa., to the Steubenville Soldiers' Reunion, on the 25th, is put down to \$1.25.

Sherman's speech at Steubenville yesterday, was a big boom for the Ohio Republicans. Read it in the INTELLIGENCE this morning.

If any one wants to see how and why the business of the country is beginning to boom let them read Secretary Sherman's speech in this morning's paper.

Secretary Sherman goes through the Democratic candidate for Governor of Ohio this morning with a sword of official glories that cuts like a Damascus blade. Read his speech.

Sec. Sherman said in his speech at Steubenville yesterday, that it was believed that the production of iron this year "will be as great as that of the most prosperous year in the history of the product." Read the speech.

Secretary Sherman asked a very forcible question in his speech at Steubenville yesterday, viz: "Ought not the party whose ideas prevailed and happily settled this most difficult (financial) question to succeed at the elections, rather than the party that opposed and cried against reclamation?"

Our Delaware correspondent notes this morning, the satisfactory prices obtained yesterday in that city for the remaining lots belonging to Mr. Sheets. They brought some five or six thousand dollars over the appraisement. This is a significant circumstance, and shows that the business boom is beginning to favorably effect real estate.

Gen. R. F. Kelley, Superintendent of the Hot Springs Reservation, was in the city yesterday. In company with W. S. Gorham, Esq., he went up to Washington, Pa., yesterday on the Hempfield. He has been summering at his farm in the mountains, where Mr. Kelley still is. The General will shortly return to Hot Springs. He looks to be in fine health.

As the country sunk during the war the prospects of the Democracy brightened. During the days of depression since the panic their prospects have likewise brightened. But now the boom of business has come—like the boom of victory—and the Democracy are again down. The Republican party rises with the country. It is the party of patriotism and prosperity.

The present indications are that the Washington and Waynesburg Narrow Gauge will pass into the hands of its bondholders by reason of some liabilities that the stockholders have not provided for, and on account of an apprehension that the road is to be gobbled up by parties objectionable to the bondholders. It would seem as if this road has been very badly managed since it commenced running.

The Outlook in Ohio. Secretary Sherman said at Pittsburgh yesterday that he considered the election of Foster beyond doubt. According to a Washington dispatch to the Chicago Tribune, Secretary Thurman is pretty much of the same opinion. This dispatch is as follows:

WASHINGTON, D. C., August 18.—The utterances of Senator Thurman, which were made for publication on the occasion of his late visit to Washington, do not agree with his statements made in private conversation with friends upon the same subject. In conversing with the latter in regard to the political situation in Ohio, instead of that confidence with which he is reported in the press to be possessed, he expressed very grave doubts in regard to the outcome of the Democratic campaign. The information which he received from the State led him to fear defeat. He considered the campaign from the start a desperate one, and one that would require unceasing attention and exertions on the part of the Democratic managers. He expressed his heartiness with the feeling that he regarded the situation as extremely critical, and that, while he favored most vigorous efforts, he would still hope on his work with very little help of final success.

Not only does Thurman seem to be in despair over Ohio, but also does Congressman Morrison, of Illinois. A Washington dispatch quotes him as follows:

WASHINGTON, D. C., August 18.—Congressman Morrison, of Illinois, who arrived in this city to-day, said he had little idea in reference to the condition of the campaign in Ohio. He hoped to see Ewing elected, and was willing to make a speech or two to help him; but as far as his observation extended in passing through the State there was more interest among the Democracy outside than in the State itself. At Parkersburg he met an ex-Democratic Congressman who talked at length in regard to the political situation, and gave it as his opinion that no one could have a definite idea as to the result of the election, since the campaign was not in the least degree enthusiastic. Unless the party could be converted more thoroughly into the cause, it is at present, the vote at the election would be a comparatively light one.

Schurz at Cincinnati. CINCINNATI, August 20.—Hon. Carl Schurz addressed an audience, numbering over 4,000, at the Lookout House to-night.

We Believe. That if every one would use Hipp Brothers' remedy, there would be much less sickness and misery in the world; and people are fast finding this out, whole families keeping well to try it. *Wm. A. Reichert, N. Y. Lauglin Bros. & Co., Wheeling, wholesale agents.*

GENERAL NEWS.

Twenty-Seven New Cases and Four Deaths.

The Fortune Bay Fisheries Claim.

The Yazoo City Bull-dozers at Work.

Prominent New Yorkers Alleged to be Implicated in Stealing Stewart's Body.

Cary on a Still Hunt for Ewing.

Special to the Intelligence.

Gen. S. F. Cary, of Cincinnati, is in the city for the avowed purpose of trying to induce the Nationals to cast their influence for Ewing. He attended the Republican meeting at Garrett's Hall this evening, and occupied a seat on the stage, listening attentively to Secretary Sherman's speech, which he will attempt to answer to-morrow evening.

The recent sale of the Stony Hollow Farm was to be set aside to-morrow, the old company having raised sufficient funds to pay off its indebtedness.

YELLOW FEVER.

MEMPHIS, August 20.—Twelve new cases were reported to the Board of Health this morning, six of which were colored.

Among the whites were C. H. Hilleher, Thomas H. Conley, and Gen. J. S. Dillingham. Two deaths have been reported—Ross Deveries and Minnie Tally (colored). Arrangements are being perfected for daily mail service via the Louisville and Nashville Railroad. The weather is warm and pleasant.

Night Report. Twenty-seven cases in all were reported to the Board of Health to-day, 12 whites and 15 colored.

Among those recorded this afternoon were C. P. Baldwin, Georgia Foyles, Maggie Dullaw and J. B. Thirkman. Two deaths since noon: Earnest P. Leak and Geo. Varbrink.

Hon. John Johnson, Superintendent of the Quarantine, will recommend to the State Board of Health that the houses for citizens to be kept in their homes be changed from 6 p. m. to 4 a. m. to 8 p. m. to 6 a. m.

Commencing Friday the daily mail service will be restored over the Louisville and Nashville Railroad. The Howard Association will to-morrow make an appeal for assistance. The thermometer ranged to-day from 64° to 87°.

Two fires occurred to-day, one being the house occupied by W. Wells & Co., 320 Front street, and the other a dwelling situated on Market Square. Loss \$11,000; partially insured.

THE MISSISSIPPI PLAN.

Dixon Dosed with Buckshot.

JACKSON, Miss., August 20.—Yesterday at Yazoo City a difficulty occurred between James Barksdale and Henry M. Dixon, resulting in the death of the latter. Dixon, while passing down on the west side of Main street, was hailed by Barksdale from the east side, who at the same time advanced to the middle of the street, armed with a double-barreled shot gun. Dixon halted, and immediately placed his hand on a pistol, drawing it. Barksdale raised his gun to his shoulder. Dixon, seeing this, moved towards a salarway, then Barksdale fired, four bullets striking him in the back. Dixon then fired several times at Barksdale without effect. Barksdale missed the second shot. Dixon died internally and died. A preliminary trial will be held to-morrow.

Mississippi River Improvement Commission.

WASHINGTON, August 20.—The organization of the Mississippi River Improvement Commission was effected by the appointment of Gen. Comstock, of the Engineer Corps, as Secretary pro tem. A resolution was adopted, requesting the Secretary of War to detail an officer of the Army as permanent Secretary to the Commission. The Commission appointed is composed of Gen. Harrison, of Indianapolis; Prof. Mitchell, U. S. Coast Survey, and Major Suter, of the Engineer Corps. Their duty is to submit recommendations as to the best method of obtaining the necessary statistics of the river, to be required for the use of the Commission.

Another committee was appointed, consisting of Gen. Comstock, Prof. Mitchell, Maj. Suter and Mr. Lister, of New Orleans, to prepare a plan for the future work of the Commission and to make such recommendations as they may deem necessary with regard to the use and expenditure of the existing appropriation of \$175,000. St. Louis has been selected as the permanent headquarters of the Commission, and the office there will be under the immediate charge of the permanent Secretary, who will be the executive officer of the Commission and act under the direction of the committee of members residing in the West.

A Missing Missourian.

St. Louis, August 20.—Jas. G. Barry, a very old and wealthy citizen, and ex-Mayor of St. Louis, left here two weeks ago for Coney Island, but telegrams say that he has not reached that point, and apprehensions are felt that something serious has befallen him. His family are in great distress, particularly as his only daughter, Miss John F. Grady, died very suddenly last Sunday, and they are very anxious to inform him of that fact. All the summer resorts on the Atlantic coast and many of the inland watering places have been telegraphed, but no word has been received from him. He is being sought by his family, and it is thought that he may have stopped at some country town en route to rest, or has been taken sick, and this dispatch is written in hopes that he may see and communicate with his family.

A Victim of Kerosene.

UTICA, N. Y., August 20.—Mrs. John Tillingshast this evening, during a temporary fit of insanity, while recovering from an epileptic, poured kerosene on a coal fire. The can exploded, and neighbors rushing into the house, found her sitting in a rocking chair enveloped in flames. She died soon after. Her husband was ill up stairs at the time of the explosion.

Taft at Cleveland.

CLEVELAND, O., August 20.—Judge Taft opened the campaign for the Republicans in the Globe Theater to-night. A large and enthusiastic audience was present. Hon. Amos Townsend introduced Judge Taft.

PAINE'S PULL.

And What He Drew.

FALL RIVER, August 20.—The American Linen Company lost \$150,000 by the defection of Paine, their Third Treasurer. It appears that from 1860 to the present time Paine has been indebted to the mill in amounts varying from \$1,000 to \$34,000, and that the directors were entirely ignorant, the excuse being that Paine in his statements, included all of his account in the item of accounts receivable.

Paine's confession was handed in by his son during the meeting of the Board of Directors. After devoting considerable attention to the history of the early existence of the mill, and the struggles through which it passed for a long time, paying no dividends, Paine said: "For 15 years, from August 25, no dividends were made. Your Treasurer held twenty-three shares of stock. Upon the income from which, and a small salary of \$2,500, he was dependent for the support of himself and family at the time when the cost of living was double what it is to-day, and he drew and charged to himself on an open book account more than his salary, hoping on the payment of dividends to be able to refund them. This account increased year by year until in 1872 it had reached \$34,538.82, after which by increased salary dividends and by loans obtained upon his individual notes the amount was reduced to \$37,770, January 12, 1875. Since that time he has been increased to \$17,000 and \$18,000.

Add to this, Paine's personal loss of interest of nearly \$60,000, money for which came from the mill and Paine's present claim is for more than \$100,000 amounts to over \$75,000. Nothing yet learned of Paine's whereabouts. The police have been sent in different directions.

Fortune Bay Fisheries Claim.

WASHINGTON, August 20.—The claim of \$103,000 damages on account of illegal interference with American fishermen at Fortune Bay, which has been presented to the British Government, is not a claim for the restoration of that or any other part of the Halifax award on the ground of a non-fulfillment of the conditions.

The present claim is for more than \$100,000 by year until in 1872 it had reached \$34,538.82, after which by increased salary dividends and by loans obtained upon his individual notes the amount was reduced to \$37,770, January 12, 1875. Since that time he has been increased to \$17,000 and \$18,000.

Two hundred colliers embark Friday for New Zealand. At the Oldham cotton mills the masters have agreed to ask the spinners as well as the weavers to submit to a five per cent. reduction of wages.

Respectable Men of New York Implicated in the Robbery.

NEW YORK, August 20.—The Tribune's Saratoga special reports Mrs. Stewart's physician as saying attempts have been made to negotiate for the return of Stewart's body, from many sources. Several men now of reputable position in New York are connected with the robbery. Their names might yet be disclosed and would stir the community. The thieves' plot was connected with the return of the body, but finally reduced their demands step by step to \$250,000, though Judge Hilton shows no inclination to present to pay more than \$25,000 for its return, and would not compromise at any price in the way of promising immunity to the criminals.

Window Glass Strike.

PITTSBURGH, August 20.—A new strike was inaugurated this morning by a demand, on the part of the window glass cutters, for an increase in their pay. It appears that the rates heretofore have been 22 cents per box of one hundred feet, for single strength, and 30 cents per box for double strength. The cutters now demand 25 cents per box for single strength, and 45 cents per box for double strength glass. It is the intention of the glass manufacturers to resist this; or, at least, this was thought to be the best by most of the firms represented at the meeting which took place yesterday. As none of the window-glass men, save Hunsen & Co., are working at present, both parties will have from now until the first of next month to think the matter over.

A New York Murderer Hanged.

ALBANY, August 20.—Lemire Latrevoile was hanged here this afternoon for the murder of Catherine Dunsbach, near Cahoon, April last. The efforts to secure the stay of the execution having all failed, his counsel, late last night, determined not to disturb him by the announcement, and he was allowed to rest in peace. His time this morning was constantly occupied in prayer with his spiritual adviser and in conversation with his mother and other relatives. The Sheriff granted a large number of passes to persons wishing to witness the execution, but Governor Johnson has not yet decided whether he will grant a pardon to the condemned man.

ADIRONDACK MURDER.

As a Buckboard Introducing. SAN FRANCISCO, August 20.—The Call publishes an interview with Adirondack Murray. He says he came to the coast to introduce the buckboard and see the State. When he left home he thought his business affairs were in a snug condition. The trouble was caused by a personal friend robbing him on a small debt, and attaching his property, when, as usual, the rush of creditors started. The entire indebtedness did not exceed \$19,000, and the property if sold under the hammer to-morrow, would pay them off and leave him a handsome surplus. I intend to return East in a few days and put my affairs in shape.

The Frye Murders.

BOSTON, August 20.—The Frye murders have not yet been arraigned. Donato, the Fleet street barber, will be charged as accessory after the fact, he having sanctioned the concealment of some of the property in his shop. The missing man Larry, is thought to have been in Salem this evening. He with Nick and the Greek will be charged with murder in the first degree.

All Quiet at Quebec.

QUEBEC, August 20.—The city remains quiet to-day. At a meeting of the delegates of the rival labor societies and citizens held this evening, it was resolved that each society should continue to work according to its own rules, and should guarantee the other society against interference. The delegates of both societies signed the minutes.

Charlotte Regatta.

ROCHESTER, August 20.—At Charlotte to-day Courtney beat Frenchy Johnson by half a length in 22:55; distance three miles with turn; Johnson's time 22:55; Bent Brown, of Geneva, won the single mile run in 15:30; distance two miles; Odell, of Auburn, second; Crouse, of Auburn third. Yacht race, on the Oswego, first prize, yacht race over Ella, of Oswego.

Oil Train Wrecked.

SUNBURY, Pa., August 20.—A train of 28 loaded oil-tanks was wrecked and burned last evening at Kipp's Run, seven miles from this place, on the Sunbury, Hazleton and Wilkes-Barre Railroad. The train was on a curve, and the engine, a coal fire, exploded, and the oil tanks were abandoned until to-morrow.

The Smith-Boss Race.

HALIFAX, August 20.—Wallace Boss, the St. John carman, has taken quarters at Bedford Basin, to prepare for his race with Warren Smith, Tuesday. Betting is even. Both sides are confident.

Arrival of Shalers.

NEW YORK, August 20.—The steamship Lessing, from Europe to-day, brought \$310,000 in gold coin and bars.

FOREIGN NEWS.

ENGLAND.

LONDON, August 20.—The cotton operatives at Burnley have passed a resolution declaring that the conduct of the employers in violating their agreement and reducing wages fully fifteen per cent below what was sanctioned by the executive council, is unjust and cruelly oppressive.

The failure of the maize crop in Bulgaria will entail the largely increased consumption of wheat. The wheat crop, though of good quality, has been somewhat reduced by the dry weather. The prices of breadstuffs will be high on the lower Danube next year. The Statistical Department of the Board of Trade estimates the average under wheat ten per cent less than in 1878; under oats one per cent less, and under hops five per cent less. Eight per cent more acreage is under barley and six per cent more under potatoes.

DAMAGING FLOODS.

The British Postoffice Department announces that in consequence of the damage by the floods on the Welsh railways it is not advisable to send letters by way of Holyhead to catch the supplementary American mails at Queenstown.

LEFT OUT IN THE COLD.

England is the only power not invited to the office to witness the great Russian military maneuvers, commencing on the 25th inst.

TRADE MORE HEALTHY.

The Manchester Guardian in reviewing the position of trade at Manchester says: At current rates demand and supply are about equal. At very little advance more cloth and yarn would be offered than could be taken off the market. In short the market is in a very sensitive condition. Meanwhile a good deal of machinery is either idle or not working to its full capacity, and there is certainly a surplus of labor.

LABOR MOVEMENTS.

Two hundred colliers embark Friday for New Zealand. At the Oldham cotton mills the masters have agreed to ask the spinners as well as the weavers to submit to a five per cent. reduction of wages.

NEIGHBORHOOD NEWS.

BURN'S MILL CAMP MEETING.

Yesterday the Last Day. The Different Meetings—Receipts at the Gate. BURN'S MILL CAMP GROUND, Aug. 20. Correspondence of the Intelligence.

After the dust of yesterday the general verdict is that the managers here are very remiss in duty if, another year, they do not provide means to allay this annoyance. The tramping crowds of Sunday had ground the earth into powder, and yesterday it filled the air and was breathed into the lungs of the people. A sprinkling cart driven over the walks each day would answer the purpose and cost but very little.

The mothers' meeting last evening was held at the usual hour and proved quite an interest to the mothers. The change of place proved a good thing. The people were brought more together and the promoters were shut off. Several responded to the invitation to go forward for prayers. All were young.

At 7:30 Rev. Phillips preached from "Behold I stand at the door and knock." At the close of the sermon the people seemed so restless it was proposed to retire to the tabernacle for prayer meeting which was to follow. The change of place proved a good thing. The people were brought more together and the promoters were shut off. Several responded to the invitation to go forward for prayers. All were young.

At 2:30 Rev. Burt preached from Isaiah 32-1. Rev. B. was for four years Presiding Elder of this district, and endeared himself to the hearts of the people during that time. He is a deep thinker and good talker, and of course preached a good sermon. After preaching the sacrament of the Lord's Supper was administered to the hundred and nineteen communicants—besides thirty-three ministers of the gospel.

At 2 o'clock the children's meeting was held at the main stand. It was conducted by Rev. Hawthorn. More children were present than at any time before. The address was made by Rev. Hawthorn, Wolf and Conkle. The talks were all most admirable. Rev. Wolf opened by saying he could not talk to children; and then went on to give practical advice to the mothers. The meeting was eminently successful. Ministers in diving among the deep recesses of theological lore are very apt to lose the power of simplifying their language to the comprehension of children, but this man, though he is a deeper in the mines of truth than some men, can still be a little child.

Several children gave their names to the church at the close of the service. At 5:30, Rev. Siltz preached. The people seemed tired, hot and restless, but a goodly number listened intently. Several families are moving out this afternoon, as this is the closing day of the meeting.

The regular annual meeting of the managers and trustees and members of the association, was held this afternoon. The receipts at the gates were \$500. The Board of Managers for the next year are, James Fittion, Arthur Gregg, H. H. McCord, Jacob A. Smith, Samuel Wharton, Geo. Thornborough, A. Fortenberry, O. Morton and Eli Moore.

Trustees—W. A. Dowdell, Frank Miller, E. H. Snyder, W. A. Tolbott, Dr. Rev. G. H. Evans, S. Berry, Dr. Grafton, Jacob Holt.

Dr. Taylor, of Beaver College, agent yesterday on the grounds in the interest of his college.

School Commissioner Burns jumped off the train this morning, and his shod hands were injured for a moment or two.

The closing services of this meeting will be held this evening, of which I will tell you to-morrow.

MOONSHINE CAMP MEETING.

Second Day's Services. MOONSHINE CAMP, August 20, 1879. Correspondence of the Intelligence.

The morning was bright and pleasant and the dampness of the camp ground was awakened at six o'clock by the ringing of the bell at the preacher's stand. The meeting for the promotion of holiness was held in the tabernacle at eight o'clock, and was conducted by Rev. W. E. Rippey, of South Wheeling. The meeting was an interesting one and consisted in prayer and the relation of personal experience.

Rev. J. P. Thatcher, of Dallas, preached at the stand at 11:30, from the words, "The Holy God of truth sanctify you wholly." The brother gave his views on the subject of entire sanctification.

The children's meeting at 1:30 was led by Mrs. Bell, of Wheeling Island. Rev. M. J. Manchester, of Parkersburg, and Miss Bell, of the same place, delivered short and interesting addresses. This service was a very interesting one.

At 2:30 p. m., Rev. J. J. Dolliver, of Parkersburg, preached a very good sermon from the words, "The Holy God of truth sanctify you wholly." The impression was good and the people united in saying that this was the best service held up to that time.

Brother Ryan, of Grafton, delivered an exhortation, and then conducted a short experience meeting, which was intensely interesting.

At 6:30 p. m., the young people's meeting was held in the tabernacle, and was addressed by Rev. H. H. of Wheeling, and Rev. Ryan, of Grafton. A number of prayer meetings were held at the same hour in many of the tents—the voice of prayer and praise ascending from all parts of the encampment.

The evening services at this church was a most interesting one. Rev. C. E. Manchester, of Parkersburg, delivered a most powerful and timely sermon from the words, "The Holy God of truth sanctify you wholly." His theme, the Judgment, was handled in an able manner. His illustrations were powerful and he was listened with the greatest attention by the largest congregation of the meeting thus far. He was followed by Rev. G. C. Wilding, who after an earnest and soul-stirring exhortation, invited seekers to come to the altar, and now, while waiting, we hear the voice of prayer and praise arising from around the altar.

Rev. W. D. Slease, of the Pittsburgh Conference, arrived this afternoon; and will remain for some days.

Rev. G. H. of Grafton, is now on the ground, as is also Rev. J. M. Worden, of the Moundsville charge, who is bidden to stay at the camp ground, and will be on the camp ground, perhaps for the same time, as on the 20th of October she leaves for Japan to engage in missionary work, where she will remain for at least five years.
